INTRODUCTION

The annual Statements of Community District Needs (CD Needs Statements) and the Community Board Budget Requests (Budget Requests) are Charter requirements and an integral part of the City's budget process. When developed through informed planning and careful consideration, CD Needs Statements and Budget Requests can play an important role in consultations of community boards with agencies, elected officials and other key stakeholders on a broad range of local planning and budget priorities. These tools also provide a valuable public resource for neighborhood planning and research purposes, and are used by a wide audience seeking information about New York City's diverse communities.

This year, for the first time, community boards electronically submitted a CD Needs Statement combined with their Budget Requests. The goal of these improvements is to simplify preparation of both documents for the community boards and to make the information community boards provide more easily accessible for City agencies and other stakeholders. Simplified and more efficient processes will allow all parties involved in the budget process to consider budget decisions more thoroughly, with better results for all New Yorkers.

This report represents Bronx Community Board 2's Statement of Community District Needs and Community Board Budget Requests for Fiscal Year (FY) 2017. This report contains the formatted but otherwise unedited content provided by the Community Board which is displayed in italics.

Some community boards provided substantive supplemental information. This supportive material can be accessed by clicking on the links provided in the document or by copying and pasting them into a browser.

2. OVERVIEW OF COMMUNITY DISTRICT

Bronx Community Board 2 provided the following overview of their district:

Community District #2 is located in the Southeast corner of the Bronx, bounded by the Bronx River on the east, the East River on the south, E. 149th Street and Prospect Avenue on the west and portions of E. 169th Street, E. 167th Street and Westchester Avenue on the north. It is comprised of the neighborhoods of Hunt's Point, Longwood and the southeastern portion of Morrisania.

The Europeans first settled Hunt's Point in 1663. At this time, Edward Jessup and John Richardson arrived on the peninsula and purchased the land from the Wekkquasegeeck tribe indigenous to the area. After Jessup died, his widow, Elizabeth entrusted the land to Thomas Hunt Jr., her son in-law.

Once part of West Farms in lower Westchester County, the area was annexed to New York City in 1874 and began to develop after a subway line from Manhattan was extended in 1904. As more people moved to the area, the city's business owners began to realize the advantages of locating to Hunt's Point. Among them were the convenient access to the Tri-State region, the existing rail lines running through the Hunt's Point area and the abundance of space available for the development of industrial and commercial activity.

The population was predominantly Jewish along with a few German, Irish and Italian immigrants; later it became largely Puerto Rican and African-American. By the 1960's local housing was deteriorating and many white residents left for the suburbs. Hunt's Point was beset by poverty, drugs, and crime in the 1970's and early 1980's. Characterized by frequent arson and mass abandonment, this period was undoubtedly the low point in the area's rich and diverse history. Living conditions became so difficult that almost 60,000 residents, approximately two-thirds of the existing population left, or were forced out, of the neighborhood during the 1970's.

Conditions later vastly improved through the initiatives of SEBCO Development Corp., Banana Kelly Community Improvement Association, South Bronx Development Corp., the Bronx Borough President's Office, and the New York City Department of Housing Preservation & Development which created new housing and rehabilitated existing housing. The success of their efforts are clearly evident. Between 1980 and 1990, the population of the district grew by 14.7 percent, the largest margin of growth of any community in the Bronx. From 1990 to 2000 the Growth rate was 18.7 percent, the second highest in the borough. Since 1992, we have seen the development of over 4,800 new housing units. Of the new units, two-thirds are located in what were once vacated buildings and one-third are newly created low-density housing. So thorough is the development and renovation of the district that no city owned apartment building in the community stands vacant.

3. MAIN ISSUES

As part of this year's process, community boards were asked to select from a list the three most pressing issues facing their district. Bronx Community Board 2 identified the following three issues:

- *Affordable housing*
- *Public health*
- *Traffic*

Bronx Community Board 2 provided the following explanation for their choices:

Affordable Housing: New Developments are being built in the community yet local residents are not qualifying for these new units because the AMI conculations are not condusive to our local community. Public Health: Asthma, Obesity, Heart Failure and Diabetes continues to be our main health disparities. Traffic: Traffic Congestion on Southern Boulevard, 163rd & Hunts Point and Bruckner Boulevard & Hunts Point continues to be a major problem. Traffic Control Agents are greatly needed at these intersections.

4. SUMMARY OF COMMUNITY DISTRICT NEEDS AND COMMUNITY BOARD BUDGET REQUESTS

Community Boards were asked to identify their district's needs related to the following seven policy areas:

- Health Care and Human Services;
- Youth, Education and Child Welfare;
- Public Safety;
- Core Infrastructure and City Services;
- Land Use, Housing and Economic Development;
- Transportation; and
- Parks, Cultural and other Community Facilities.

Based on the needs identified, community boards then had the opportunity to make budget requests to address these needs.

The following sections describe the specific needs and budget requests of Bronx Community Board 2 for FY 2017.

4.1. Health Care and Human Services Needs and Requests

Main Issue

Access to healthy food options and healthy life styles programs

The Community Board provided the following explanation for the above issue:

BxCB2 community suffers from multiple health disparities such as asthma, diabetes, heart disease, obesity and many more. Multiple diseases are attributed to healthy food options available in community which are not available or too expensive for local residents.

Community District Needs and Requests

4.1.1. Community District Needs and Requests Related to Health Care Facilities and Programming

At this time, the Community Board does not have any high level comments for this need category.

The Community Board submitted the following budget requests:

Budget Requests are listed for informational purposes only. OMB maintains the definitive list that may have more updated information on request for agencies, published in its Register.
