COMMUNITY DISTRICT 17

OVERVIEW

Community District 17 (CD17) hereby submits the following Statement of Community District Needs in accordance with §2800-d (10) of the Charter of the City of New York for Fiscal Year 2016. The contents of the statement result from local citizen complaints and testimony given at public hearings, as well as long-standing and, yet unmet needs and priorities.

CD17 is comprised of the following neighborhoods: East Flatbush, Northeast East Flatbush, Rugby, Farragut/Hyde Park, Remsen Village, Ditmas Village and the Erasmus area. The geographic district encompasses East New York Avenue from East 98 Street to Utica Avenue, south on Utica Avenue to Clarkson Avenue, West on Clarkson Avenue to Bedford Avenue, South on Bedford Avenue, to the Long Island Railroad/Glenwood Road East along the Long Island Railroad to East 98 Street, then North on East 98 Street to East New York Avenue.

Based on the New York City Department of City Planning 2013 report, the Land Area consist of 2,153.3 acres and 3.4 Square miles, with 44.7% of 1-2 Family Residential, 24.2% of Multi-Family Residential, 4.9% mixed Residential/Commercial, 3.7% Commercial/Office, 3.7% Industrial, 2.8% Transportation/Utility, 7.1% Institutions, 5.7% Open Space/Recreation, 1.9% Parking Facilities, 0.9% Vacant Land and 0.6% miscellaneous. The industrial area is located adjacent to the Bay Ridge line of the Long Island Railroad but threatens to spill over onto abutting property. The commercial strips consist primarily of small shops, fruits and vegetable stores, medical offices, few large dry goods stores, used car dealerships, one senior day care center, private day care and pre-school centers, restaurants and auto repair shops.

INTRODUCTION

The annual Statements of Community District Needs (CD Needs Statements) and the Community Board Budget Requests (Budget Requests) are Charter requirements and an integral part of the City's budget process. When developed through informed planning and careful consideration, CD Needs Statements and Budget Requests can play an important role in consultations of community boards with agencies, elected officials and other key stakeholders on a broad range of local planning and budget priorities. These tools also provide a valuable public resource for neighborhood planning and research purposes, and are used by a wide audience seeking information about New York City's diverse communities.

This year, for the first time, community boards electronically submitted a CD Needs Statement combined with their Budget Requests. The goal of these improvements is to simplify preparation of both documents for the community boards and to make the information community boards provide more easily accessible for City agencies and other stakeholders. Simplified and more efficient processes will allow all parties involved in the budget process to consider budget decisions more thoroughly, with better results for all New Yorkers.

This report represents Brooklyn Community Board 17's Statement of Community District Needs and Community Board Budget Requests for Fiscal Year (FY) 2017. This report contains the formatted but otherwise unedited content provided by the Community Board which is displayed in italics.

2. OVERVIEW OF COMMUNITY DISTRICT

Brooklyn Community Board 17 provided the following overview of their district:

Community District 17 is a culturally diverse community. Between 2000 and 2010 there was a -6.3% change in total population. According to the 2010 U.S. Census the total population in 2000 was 165,753 compared to 155,252 in 2010, which includes White Nonhispanic -14.5%, Black/African American Nonhispanic - 6.3%, Asian or Pacific Islander Nonhispanic 4.5%, American Indian and Alaska Native Nonhispanic 33.2%, Other Race Nonhispanic -23.0%, Nonhispanic of Two or More Races -46.3%, and Hispanic Origin 13.7%. 33.2%, Other Race The census count also highlight a decrease in our total population under 18 Years, compared to 44,792 in 2000 and 35,611 in 2010, and also a slightly lower percentage of -1.1% in the 18 Years and Over category with a population of 120,961 in 2000 and 119,641 in 2010. We strongly believe that we have many undocumented residents who, if counted, would probably increase the total population in District 17, Nonhispanic -23.0%, Nonhispanic of Two or More Races -46.3%, and Hispanic Origin 13.7%. The census count also highlight a decrease in our total population under 18 Years, compared to 44,792 in 2000 and 35,611 in 2010, and a slightly lower percentage of -1.1% in the 18 Years and over category with a population of 120,961 in 2000 and 119,641 in 2010. We strongly believe that we have many undocumented residents who, if counted, would probably increase the total population in District 17.

3. MAIN ISSUES

As part of this year's process, community boards were asked to select from a list the three most pressing issues facing their district. Brooklyn Community Board 17 identified the following three issues:

- *Affordable housing*
- *Schools*
- *Senior services*

Brooklyn Community Board 17 provided the following explanation for their choices:

Senior Services: Our population continues to age like the rest of the country; the frail and elderly are growing more numerous. The elderly age 65 and older stands at 12.2% according to the American Community Survey. We need the services provided by the programs funded by the Department for the Aging more than ever. There is a desperate need for C2 housing, additional centers throughout the district and the installation of a kitchen at the present center.

Schools: In CD17, enrollment in public schools has increased. Public enrollment in 2009 for preschool was 32.2%, for grades K-5, 91.3%, grades 6-8, 98.5% and grades 9-12, 96.9. The average graduation rate is 54.4%, drop-out rate at 14.5% and college ready at 6.1%. We now have Universal Pre-K and these youngsters need to be college and career ready. We need to increase graduation rate and College readiness and decrease the drop-out rate. Community Board 17 continues to advocate for smaller classrooms, resource availability for teachers and all the amenities to ensure all students are college and career ready in addition to vocational and technical training for students to be able to compete in the world of technology.

Affordable Housing: According to the US Department of Housing and Urban Development, people who pay more than 30% of their income for housing are considered cost burdened and have difficulty affording necessities such as food, clothing, transportation and medical care. Median rents continue to far outpace median incomes, making housing less and less affordable. CB17 supports the Mayor's proposal to reform housing, education, wage increases and increased job access, issues directly related to families living in poverty.

4. SUMMARY OF COMMUNITY DISTRICT NEEDS AND COMMUNITY BOARD BUDGET REQUESTS

Community Boards were asked to identify their district's needs related to the following seven policy areas:

- Health Care and Human Services;
- Youth, Education and Child Welfare;
- Public Safety;
- Core Infrastructure and City Services;
- Land Use, Housing and Economic Development;
- Transportation; and
- Parks, Cultural and other Community Facilities.

Based on the needs identified, community boards then had the opportunity to make budget requests to address these needs.

The following sections describe the specific needs and budget requests of Brooklyn Community Board 17 for FY 2017.

4.1. Health Care and Human Services Needs and Requests

Main Issue

Access to healthy food options and healthy life styles programs

The Community Board provided the following explanation for the above issue:

Healthy Food option remains an issue in the community. CB17 advocates to protect and expand government programs that provide meals to children and help families purchase food, such as SNAP (food stamps) WIC (Women, Infant and Children), and emergency food programs. Efforts must be made to increase the number of eligible children who participate in free and reduced-price School Meals and Summer Meals programs. We advocate for healthy lifestyle programs that are community based initiated and managed by family and group based organization to effectively improve diet, increase physical activities and reduce chronic diseases. We need facilities that offer programs such as indoor and outdoor activities.

Community District Needs and Requests

4.1.1. Community District Needs and Requests Related to Health Care Facilities and Programming

The Community Board provided the following high level comments and background on the District's needs:

The replacement of the Operating Room Microscope in Ophthalmology at Kings County Hospital Center is an essential tool for illumination and image quality in the operating room. Also, the replacement of the Nurse Call System in the Patient Care Service and the prioritization of funding for the neonatal Intensive Care Unit-NICU Transport Unit will continue a continuum of medical care to infants during their first month of birth.

The Community Board submitted the following budget requests:

Budget Requests are listed for informational purposes only. OMB maintains the definitive list that may have more updated information on request for agencies, published in its Register.

Expense Requests related to Health Care Facilities and Programming (as provided by the Community Board) Priority numbers apply to expense budget requests from all policy areas. 4.1. Health Care and Human Services Needs and Requests

4.1.2. Community District Needs and Requests Related to Facilities and Programming for Older New Yorkers

The Community Board provided the following high level comments and background on the District's needs:

We request that the Department For The Aging implement funded programs. There is a need for C2 housing to meet the needs of our aging population, namely: assisted living, independent living and dependent living. Our population continues to age like the rest of the country; the frail and elderly are growing more numerous

The Community Board submitted the following budget requests:

Nick Perry, Assemblyman, 58th, Assembly District

4.2. Youth, Education and Child Welfare Needs and Requests

Main Issue

After school programs

The Community Board provided the following explanation for the above issue:

There is a need for Youth Centers and publicly funded recreational facilities. Funding and efforts must be doubled to provide more job training, Youth Education, After School tutoring. In addition to the the expansion of Music Outreach Programs and the Beacon programs operating in schools throughout District 17. The children in our district, some from one-parent families, most from families where both parents are wage-earners, and many for whom English is a second language, all need after school and serious meaningful year round youth and after school programs.

Community District Needs and Requests

4.2.1. Community District Needs and Requests Related to Educational Facilities and Programs

The Community Board provided the following high level comments and background on the District's needs:

We request expanded fundings for CAMBA and Sesame Flyers programs. CAMBA provides thousands of low income youth from pre-school through high school with academic assistance, counseling, tutoring, art, drama, music, sports, SAT and Regents help, opportunities to serve their community, internships and employment. CAMBA encourages older youth who are disconnected from either school or work to further their education and employment opportunities and serve their community Sesame Flyers offer tutoring, safe and nurturing spaces for children to play during the summer, youth-led community service activities, job readiness programs, case management and counseling for families in crisis, GED and computer technology programs, along with celebrations of the rich traditions of Caribbean nations as the eleven-time winner of the Large Band category in the West Indian American Labor Day Parade

The Community Board submitted the following budget requests:

4.2.2. Community District Needs and Requests Related to Services for Children and Child Welfare

The Community Board provided the following high level comments and background on the District's needs:

Adequate funding for child welfare: Community Board 17 supports Federal and State child welfare financing, increase in funding which allows agencies to better protect, care for and provide services to at risk children or those who were abused or neglected. We also advocate for competitive salaries, opportunities for career advancement, adequate compensation and manageable caseload sizes for caseworkers. There should be adequate child abuse and neglect prevention services for every family in need to ensure children have safe and stable permanent families.

At this time, the Community Board does not have any budget requests for this need category.

4.2. Youth, Education and Child Welfare Needs and Requests

4.2.3. Community District Needs and Requests Related to Youth and Community Services and Programs

The Community Board provided the following high level comments and background on the District's needs:

District 17 is in dire need of Youth Centers. The City of New York and the Department of Youth and Community Development must double its funding and efforts to provide for more Adult Job Training, Youth Education, after school tutoring and Youth Job Training. There is no doubt that effective youth service programs prepare young people to meet the challenges of adolescence and adulthood through structured, youth-centered activities that positively impact their development. New York's youth service programs provide youth development and enrichment opportunities during the school day, after school, and during the summer. Community Board 17 supports an increase in the number of youth employed through the Summer Youth Employment Program (SYEP). Employing more youth, allows them an opportunity to gain work experience and wages during the summer months. We also support and advocate for resources to the Beacon programs, and programs and initiatives that promotes youth's social, emotional cognitive, and physical development such as athletic programs, internships, tutoring, relationship violence prevention programs (such as Teen RAPP), the Fatherhood Initiative that engages young fathers in their children's lives, and services for runaway and homeless youth.

The Community Board submitted the following budget requests:

17	DYCD	Youth workforce development	Provide, expand, or enhance the out-of-school youth program for job training and employment services	Request the incorporation of STEM enrichment programs into ALL DYCD SONYC afterschool programs.		Education Committee of Community Board 17

4.3. Public Safety Needs and Requests

Main Issue

Crime prevention programs and support for people on probation

The Community Board provided the following explanation for the above issue:

The Board believes that crime prevention programs are most effective when they operate within the community and involve community residents actively working with their local government agencies to address issues contributing to crime, delinquency, and disorder in their communities. The Board also supports the Advocates Intervene Mentor (AIM) program and request the program be expanded to more communities, hire more mentores and resource specialist to work with youth facing a violation of probation due to chronic absenteeism and/or chronic unresponsiveness to interventions and engagement strategies.

Community District Needs and Requests

4.3.1. Community District Needs and Requests Related to Policing and Crime

The Community Board provided the following high level comments and background on the District's needs:

We believe it's impossible for the 67th Precinct to respond to all calls made by the community based on the cars available. Both marked and unmarked cars and if possible, motor bikes and bicycles must be allocated to the precinct as means of transportation to help combat crime in the community. Deployment of officers after training must adequately address the safety needs in our District especially on the Merchant Strips where day time crime has increased. The 67th Precinct is also in desperate need of additional detectives to help solve crimes in the community,

The Community Board submitted the following budget requests:

Budget Requests are listed for informational purposes only. OMB maintains the definitive list that may have more updated information on request for agencies, published in its Register.

4.4. Core Infrastructure and City Services Needs and Requests

Main Issue

Cleanliness/trash collection

The Community Board provided the following explanation for the above issue:

On weeks when there are holidays, a regular two-day a week pickup becomes a one day scheduled pick-up. This diminution of service is even worse for recyclable materials and the problems of vermin and rodent infestation multiplies. Sanitation should coalesce with the Department of Consumer Affairs to improve cleanliness compliance by homeowners and businesses and address sidewalk clutter.

Community District Needs and Requests

4.4.1. Community District Needs and Requests Related to Water, Sewers and Environmental Protection

The Community Board provided the following high level comments and background on the District's needs:

Environmental concerns ranges from complaints about clogged catch basins, many of which are imploding due to lack of repairs and the need for DEP and DOT to collaborate and resolve Trench Restoration work in the community. The community is also saturated with auto repair shops which discharge large amounts of volatile organic solvents and volatile organic compounds into the air which could contribute to respiratory diseases.

4.4. Core Infrastructure and City Services Needs and Requests

4.4.2. Community District Needs and Requests Related to Sanitation Services

The Community Board provided the following high level comments and background on the District's needs:

The New York City Department of Sanitation, via My Neighborhood Statistics recorded an average of 2.4 pounds of garbage and recycling collected per person each day in CD17. The District's average of 12.8% of recycling and 87.2% garbage is equivalent to approximately 174 Tons of garbage and recycling collected per day for disposal. The District needs all the necessary tools to ensure the cleanliness of our neighborhood.

The Community Board submitted the following budget requests:

Budget Requests are listed for informational purposes only. OMB maintains the definitive list that may have more updated information on request for agencies, published in its Register.

05	DSNY	Garbage collection and recycling	Provide more frequent garbage or recycling pick-up for schools and institutions	Fund five-day pick-up and summer collections at school. Five day collection at public and private schools must remain a high priority, especially at those schools with a breakfast program and several lunch hours. Collections must be made around schools that put out garbage on Friday past the regular pickup. Also, the Sanitation department must clean-up debris spilled when pick-ups are made especially at public schools on the weekend.		Sanitation Committee of Community Board 17

4.5. Land Use, Housing and Economic Development Needs and Requests

Main Issue

Zoning review and enforcement, and code enforcement

The Community Board provided the following explanation for the above issue:

The Mayor is devoting much of his planning resources to the production of affordable housing. Community Board 17 believes it is important for the Community to offer City Planning consensus driven opportunities to upzone according to mandatory affordable housing. The Board supports the production of affordable housing and will be voting on the proposed Zoning for Quality and Affordability Text Amendment and Mandatory Inclusionary Housing Text Amendment.

Community District Needs and Requests

4.5.1. Community District Needs and Requests Related to Land Use

The Community Board provided the following high level comments and background on the District's needs:

There is a need to identify as many corridors/clusters that are considered worth investigating for upzone. Such corridors might be zoned to not now permit residential development or that might be representative of tax payers with minimal residential displacement or weathered-small homes where additional density might make sense such as adjacent to the Sear's parking lot. Proximity to the Nostrand Avenue subway stations or the Livonia Avenue 3 line stations along 98th street should also be given consideration.

The Community Board submitted the following budget requests:

4.5. Land Use, Housing and Economic Development Needs and Requests

4.5.2. Community District Needs and Requests Related to Housing Needs and Programming

The Community Board provided the following high level comments and background on the District's needs:

Community Board 17 recommends funding for non-for-profit organizations engaged in Foreclosure Prevention, Financial Literacy and Mortgage Modification. It is imperative that funding be provided for the current calendar year and beyond. Neighborhood Housing Services of East Flatbush must be funded for Foreclosure Prevention through HPD's Neighborhood Preservation Consultant Contract. Also, such contracts should be awarded to organizations with the most experience and record of actual accomplishments that are engaged in the communities where their needs are. CB 17 supports Flatbush East Community Development Corporation, Neighborhood Housing Services of East Flatbush Inc. and Erasmus Neighborhood Federation in their request for funding to implement some much needed programs in our district. Annual funding is necessary to support all housing programs in District 17. With the present state of the economy, these programs are necessary to assist homeowners who are experiencing financial difficulties.

At this time, the Community Board does not have any budget requests for this need category.

4.5.3. Community District Needs and Requests Related to Economic Development

The Community Board provided the following high level comments and background on the District's needs:

There is a need to implement more BIDs in CB 17 business areas such as, but not limited to, Utica and East New York Avenue, going south bound on Utica Avenue to Clarendon Road and Utica Avenue and Church Avenue east bound on Church Avenue to Remsen Avenue. The implementation of a BID would promote goodwill between the association members and the residents of the immediate adjacent areas. It will also promote businesses, improve shopping in the community through merchants and civic action projects and foster a stronger relationship between merchants, residents, service agencies and law enforcement for the betterment of the community.

The Community Board submitted the following budget requests:

4.6. Transportation Needs and Requests

Main Issue

Sidewalk, curb, pedestrian ramp construction and bus pad construction

The Community Board provided the following explanation for the above issue:

We have requested construction of curb cuts throughout Community District 17. Curb cuts are needed throughout the district to meet the needs of our young children, seniors, the disabled and physically challenged. This is a top priority and one that will bring the city into compliance with the American with Disabilities Act passed by Congress.

Community District Needs and Requests

4.6.1. Community District Needs and Requests Related to Traffic and Transportation Infrastructure

The Community Board provided the following high level comments and background on the District's needs:

Community Board 17 is requesting a traffic calming study south bound on Utica Avenue from Church Avenue to Avenue D. This commercial strip is never void of traffic congestion. With the installation of the bus lanes, it has not remedy the situation. The Board continue to receive complaints regarding congestions in this area.

The Community Board provided the following high level comments and background on the District's needs:

The Newkirk Avenue station has experienced significant deterioration over the years. Rehabilitation will greatly enhance the aesthetic of the station and provide safety and quality service to the commuters. Although parts of this project was approved for funding, CB17 request that the total rehabilitation of this subway station be considered.

4.7. Parks, Cultural and other Community Facilities Needs and Requests

Main Issue

Library facilities and access

The Community Board provided the following explanation for the above issue:

Community Board 17 supports increased funding for the Brooklyn Public Library's to provide the much needed services, supplies and equipment for our Branch libraries so that the needs of our students and adult population can be met. The three branches in CD 17, Rugby Branch, Clarendon Branch and East Flatbush Branch offer programs such as Homework help, Tutoring, Computer Classes and Games, Internet/Email Classes among other. Capital requirement to complete the renovation at the Rugby Branch for furnishing and equipment cannot be postponed. The commencement of this project is long overdue and adequate arrangements to serve the public during the renovation period must be a top priority.

Community District Needs and Requests

4.7.1. Community District Needs and Requests Related to Parks and Recreational Facilities and Programming

The Community Board provided the following high level comments and background on the District's needs:

We request total renovation of the Comfort Station at Paerdegat Park to accommodate both park employees and residents utilizing the park area. With the recent reconstruction of Paerdegat Park, Community Board 17 request allocation of funding to overhaul the comfort station and upgrade accessibility to meet ADA requirements. This will be a good addition to an already heavily utilized park.

4.7. Parks, Cultural and other Community Facilities Needs and Requests

4.7.2. Community District Needs and Requests Related to Cultural and other Community Facilities and Programming

The Community Board provided the following high level comments and background on the District's needs:

There is a urgent need for collaborative efforts to bring together various private and government funds to support, strengthen and expand arts and cultural nonprofits in Community District 17. The Board believes that cultural facilities and programs will promote and contribute to the culture and economic lives of the community, by creating jobs, cultural tourism, expand access and education in the arts, humanities and sciences, while improving the quality of life for community residents at large.

At this time, the Community Board does not have any budget requests for this need category.

4.7.3. Community District Needs and Requests Related to Library Facilities and Programming

To date, there were approximately, three sewerage back-ups, which caused the Staff to either go home, and/or stand for hours outside of the office on the sidewalk while the sewerage is being relieved by the plumber. We have just received an official report from the Landlord, stating the sewer trap cannot be moved to the outside of the building.
