INTRODUCTION

The annual Statements of Community District Needs (CD Needs Statements) and the Community Board Budget Requests (Budget Requests) are Charter requirements and an integral part of the City's budget process. When developed through informed planning and careful consideration, CD Needs Statements and Budget Requests can play an important role in consultations of community boards with agencies, elected officials and other key stakeholders on a broad range of local planning and budget priorities. These tools also provide a valuable public resource for neighborhood planning and research purposes, and are used by a wide audience seeking information about New York City's diverse communities.

This year, for the first time, community boards electronically submitted a CD Needs Statement combined with their Budget Requests. The goal of these improvements is to simplify preparation of both documents for the community boards and to make the information community boards provide more easily accessible for City agencies and other stakeholders. Simplified and more efficient processes will allow all parties involved in the budget process to consider budget decisions more thoroughly, with better results for all New Yorkers.

This report represents Queens Community Board 1's Statement of Community District Needs and Community Board Budget Requests for Fiscal Year (FY) 2017. This report contains the formatted but otherwise unedited content provided by the Community Board which is displayed in italics.

Some community boards provided substantive supplemental information. This supportive material can be accessed by clicking on the links provided in the document or by copying and pasting them into a browser.

2. OVERVIEW OF COMMUNITY DISTRICT

Queens Community Board 1 provided the following overview of their district:

NEEDS STATEMENT FY 2017

INTRODUCTION Community Board 1, Queens is bounded by Bowery Bay on the north, on the south by Queens Plaza North, Northern Boulevard and the LIRR Tracks, on the west by the East River, and on the east along the west bound curve of the Brooklyn Queens Expressway to the Grand Central Parkway and 82nd Street. We service the communities of Astoria and portions of Long Island City, Woodside and Jackson Heights. Our zoning is mixed with residential, manufacturing, industrial and commercial areas, two Industrial Zones, and two Business Improvement Districts. We have major shopping areas along Broadway, Ditmars Boulevard, Steinway Street, 30th and 36th Avenues and Northern Boulevard. The District abuts LaGuardia Airport, along with several major roads that provide access through our community to and from Manhattan via the Queens Borough Bridge, Brooklyn via the BQE and the Bronx via the RFK/Triborough Bridge. We also provide the only land access to Rikers and Roosevelt Islands. District 1 is home to the largest number of energy power plants that provide electricity to all of New York City. We are the most culturally diversified District in New York City with 119 different nationalities and counting. Our community has many desirable qualities, including the beautiful waterfront, cultural establishments such as the Museum of the Moving Image, the Noguchi Museum, Socrates Sculpture Park and a replica of an ancient Greek Amphitheater at Athens Square. We are home to the Kaufman Astoria Studios, and Arts District and one of the largest film and television production centers on the east coast. Our District has the greatest number of Enclosed and Unenclosed Sidewalk Cafes in Queens. The Board appreciates the ambiance that these cafes bring to our community, we realize that the quality-of-life of our residents must be maintained. Currently, Queens County has the greatest number of trees of all the boroughs. Our Districts has numerous parks and recreation areas with Astoria Park being the crown jewel of our community. At the present time CB1 is in an upward transition and development of new housing is at an all time high and the infrastructure will soon require upgrades at all levels.

Respectfully submitted,

Joseph Risi Chairperson

Florence Koulouris District Manager

3. MAIN ISSUES

As part of this year's process, community boards were asked to select from a list the three most pressing issues facing their district. Queens Community Board 1 identified the following three issues:

- *Affordable housing*
- *Police-community relations*
- *Traffic*

Queens Community Board 1 provided the following explanation for their choices:

AFFORDABLE HOUSING- The need for affordable housing in our district has produced a market for illegal apartment conversion. It has long been the Board's opinion that legislation should be considered to legalize apartments that meet all safety regulations. This will provide safe affordable housing and add to the City's tax base. Increased rents for those living on a fixed income are forcing many seniors and disable residents to move from their homes and our community, that they have lived in for many years, some a lifetime. POLICE-COMMUNITY RELATIONS- Residential developments has increased tremendously in our District impacting on all services, particularly the Police. We have an increase in night life, approximately 160 establishments in our District, that impacts on the quality of life in our neighborhood as in the surrounding communities. We urge the enforcement of regulations pertaining to cabarets and bars i.e.: excessive noise, drugs and serving alcohol to minors. The MARCH Program (Multi Agency Response to Club Hotspots) must be continued. TRANSIT- CB1 acknowledges the need for safe passages of cyclists through the City which we support, however, we have serious concerns regarding the elimination of parking spaces, particularly in our commercial areas. This creates a hardship for the business that need parking to accommodate patrons. New developments have brought more residents who depend on public transportation. In addition, many commuters from Nassau and Suffolk counties drive as far as Astoria and park their cars and board the train to Manhattan. We await the installation of Citi Bike to aid in Transportation options.

4. SUMMARY OF COMMUNITY DISTRICT NEEDS AND COMMUNITY BOARD BUDGET REQUESTS

Community Boards were asked to identify their district's needs related to the following seven policy areas:

- Health Care and Human Services;
- Youth, Education and Child Welfare;
- Public Safety;
- Core Infrastructure and City Services;
- Land Use, Housing and Economic Development;
- Transportation; and
- Parks, Cultural and other Community Facilities.

Based on the needs identified, community boards then had the opportunity to make budget requests to address these needs.

The following sections describe the specific needs and budget requests of Queens Community Board 1 for FY 2017.

4.1. Health Care and Human Services Needs and Requests

Main Issue

Programs, services or facilities for seniors

The Community Board provided the following explanation for the above issue:

Our District has a large population of seniors, many of whom are homebound and depend on home delivered meals, home health care and visiting nurse services. Home care for our frail and elderly is less costly to our City and more desirable to many in need. These services must be maintained and expanded when fiscally possible. Mount Sinai Hospital of Queens is the only hospital serving our community, surrounding areas including Roosevelt Island. The construction of a new 6 story ambulatory building will be completed ending of 2016. This addition will expand the Emergency Department and will include seven (7) new state-of-art operating rooms, primary care and multi specialized physician practices. Program services for seniors, adults, & children are in dire need.

Community District Needs and Requests

4.1.1. Community District Needs and Requests Related to Health Care Facilities and Programming

At this time, the Community Board does not have any high level comments for this need category.

At this time, the Community Board does not have any high level comments or budget requests for this need category.

4.2. Youth, Education and Child Welfare Needs and Requests

Main Issue

After school programs

The Community Board provided the following explanation for the above issue:

CB1 has had an increase in the school-age population from Pre-K to high school due to the influx of many families to the new residential buildings. After School Programs are crucial and must be maintained. The summer Youth Employment Program is unique and essential to youth 14 to 24 that provides 6 weeks of paid work experience. Child Welfare Services must be continued to help protect and advance the interests of all children in our community. Educational support for all students must be continued at all grade levels.

Community District Needs and Requests

4.2.1. Community District Needs and Requests Related to Educational Facilities and Programs

The Community Board provided the following high level comments and background on the District's needs:

High schools are overcrowded and additional shifts should be established to safely & adequately accommodate all high school students. It is important for all students to be aware of the importance of practicing safety at all times.

The Community Board submitted the following budget requests:

Budget Requests are listed for informational purposes only. OMB maintains the definitive list that may have more updated information on request for agencies, published in its Register.

Priority	Agency	Need	Request	Request Explanation	Location	Supporters
14	DYCD	After School Programs	Expand After School Programs	Expand After School Programs in CB1		

4.3. Public Safety Needs and Requests

Main Issue

Police-community relations

The Community Board provided the following explanation for the above issue:

We have an increase in night life, approximately 160 establishments in our District that impacts on the quality of life for all our residents. The MARCH (Multi Agency Response to Club Hotspots) has been effective in monitoring these establishments that violate the law, it must be continued and expanded when fiscally possible. More Police are needed on the streets. Due to our close proximity to Manhattan, the Bronx and Roosevelt Island our Fire resources are stretched to supplement fire protection to those areas. The development of high-rise and multi-family dwellings where 1 and 2 family homes existed has created an even greater demand on our fire resources. Emergency Services Workers are critical as first responders to an emergency they must be maintained and expanded when possible.

Community District Needs and Requests

4.3.1. Community District Needs and Requests Related to Policing and Crime

The Community Board provided the following high level comments and background on the District's needs:

Increased Uniform Personnel for the 114 Precinct. This is required to address all of the issues outlined in all sections of this Budget Submission. (item-1)

The Community Board submitted the following budget requests:

Budget Requests are listed for informational purposes only. OMB maintains the definitive list that may have more updated information on request for agencies, published in its Register.

4.4. Core Infrastructure and City Services Needs and Requests

Main Issue

Sewer capacity

The Community Board provided the following explanation for the above issue:

CB1 approved two major re-zoning in the vicinity of Hallet's Cove area. The zoning change for both projects will permit the construction of 4000 residential units with commercial development. This new development has placed an incredible large strain on our infrastructure, particularly on our combined and storm sewers. The City must plan for the increase in higher density development areas. The upkeep of the sewer catch basin is critical in preventing Floods. Our District has the greatest number of Power Plants in the City, LaGuardia Airport, the Grand Central Parkway, the BQE Expressway, the Robert F. Kennedy, Queensborough/Koch Bridges. Exhaust and air fuel fumes to our community's highest respiratory distresses and illnesses.

Community District Needs and Requests

4.4.1. Community District Needs and Requests Related to Water, Sewers and Environmental Protection

The Community Board provided the following high level comments and background on the District's needs:

Increase man power for catch basin maintenance through out CD1.

The Community Board submitted the following budget requests:

Budget Requests are listed for informational purposes only. OMB maintains the definitive list that may have more updated information on request for agencies, published in its Register.

4.5. Land Use, Housing and Economic Development Needs and Requests

Main Issue

Affordable housing programs

The Community Board provided the following explanation for the above issue:

Our District has five New York City Housing Authority (NYCHA) developments; Astoria, Queensbridge, Ravenswood and the Woodside Houses. Funding from Federal/State/City sources for afterschool, senior citizens programs as well as repairs are essential. We are in need of a greater percentage of affordable units. District 1's commercial/manufacturing/industrial areas play an important role in the stability of our community. Commercial strips must be supported by City services as: curb and sidewalk repairs and tree maintenance. The need for parking spaces in these areas is crucial to their survival who must compete with the malls and cyber shopping.

Community District Needs and Requests

4.5.1. Community District Needs and Requests Related to Land Use

At this time, the Community Board does not have any high level comments or budget requests for this need category.

4.5.2. Community District Needs and Requests Related to Housing Needs and Programming

The Community Board provided the following high level comments and background on the District's needs:

CD1 is in extreme need to hire building inspectors for the multitude of complaints reported to the 311 system. (item 11)

The Community Board submitted the following budget requests:

Budget Requests are listed for informational purposes only. OMB maintains the definitive list that may have more updated information on request for agencies, published in its Register.

48	SBS	Commercial district revitalization	Other commercial district revitalization requests	We request the expanding of business skills training programs into CD1 for all local businesses and introduce the local residence to this new opportunity. (item-4)		

4.6. Transportation Needs and Requests

Main Issue

Parking operations

The Community Board provided the following explanation for the above issue:

CB1 acknowledges that cyclist safety is needed and we encourage sidewalk bike racks to accommodate them. The elimination of parking spaces particularly in commercial areas is of great concern to us. This creates a hardship for businesses that desperately need parking for their patrons. We await the installation of Citi Bike in our District.

Community District Needs and Requests

4.6.1. Community District Needs and Requests Related to Traffic and Transportation Infrastructure

At this time, the Community Board does not have any high level comments for this need category.

4.7. Parks, Cultural and other Community Facilities Needs and Requests

Main Issue

Community facility access

The Community Board provided the following explanation for the above issue:

Our increased population has created a greater need for the development of open spaces. Many of our playgrounds require renovations, with the inclusion of safety gates that would prevent primarily toddlers from leaving the playground. We eagerly anticipate the construction of a performance space, in the dormant diving pool area of the Landmarked Diving Pool in Astoria Park. This venue for live performance will be a show place for our community as well as the entire City.
