INTRODUCTION

The annual Statements of Community District Needs (CD Needs Statements) and the Community Board Budget Requests (Budget Requests) are Charter requirements and an integral part of the City's budget process. When developed through informed planning and careful consideration, CD Needs Statements and Budget Requests can play an important role in consultations of community boards with agencies, elected officials and other key stakeholders on a broad range of local planning and budget priorities. These tools also provide a valuable public resource for neighborhood planning and research purposes, and are used by a wide audience seeking information about New York City's diverse communities.

This year, for the first time, community boards electronically submitted a CD Needs Statement combined with their Budget Requests. The goal of these improvements is to simplify preparation of both documents for the community boards and to make the information community boards provide more easily accessible for City agencies and other stakeholders. Simplified and more efficient processes will allow all parties involved in the budget process to consider budget decisions more thoroughly, with better results for all New Yorkers.

This report represents Queens Community Board 2's Statement of Community District Needs and Community Board Budget Requests for Fiscal Year (FY) 2017. This report contains the formatted but otherwise unedited content provided by the Community Board which is displayed in italics.

Some community boards provided substantive supplemental information. This supportive material can be accessed by clicking on the links provided in the document or by copying and pasting them into a browser.

2. OVERVIEW OF COMMUNITY DISTRICT

Queens Community Board 2 provided the following overview of their district:

Community Board 2 represents the areas of Sunnyside, Woodside, Long Island City and a portion of West Maspeth. The district is bounded on the north by Queens Plaza North, the northern property line of the Sunnyside Rail Yard and Northern Boulevard; on the east by the Con Rail property; on the south by Calamus, Maurice and Maspeth Avenues and Newtown Creek; the East River to the west. Community Board 2 is a diverse zoning district consisting of one, two family homes as well as a large number of multiple dwellings including Queens West, a very rapidly expanding residential district; commercial, manufacturing and industrial areas; mass transit systems and is accessible by a number of arterial highways, bridges, and the Queens Midtown Tunnel. Board 2 is home to Citicorp Tower One and Two, Gotham Center, the UN Credit Bank, Silvercup Studios, DeVry Institute, LaGuardia Community College, LaGuardia Performing Arts Center, P.S. 1 Contemporary Art Museum, Thalia Spanish Theatre; and the Borden Avenue Veterans Residence. The Long Island City Business Improvement District and the Sunnyside Business Improvement District are working to improve and enhance the commercial districts in CB 2.

3. MAIN ISSUES

As part of this year's process, community boards were asked to select from a list the three most pressing issues facing their district. Queens Community Board 2 identified the following three issues:

- *Affordable housing*
- *Health care services*
- *Schools*

Queens Community Board 2 provided the following explanation for their choices:

Health Care Services - Southwest Queens lacks a primary care medical facility and outpatient clinics to serve the medical needs of Community Board 2's increasing population. Queens' residents travel to Manhattan or to Eastern Queens to receive specialized medical services. The Long Island City area is severely underserved by the City's public health network. In a health care survey, by the Floating Hospital of New York, Long Island City was found to be one of the most critically underserved communities in New York City.

Schools - For a number of years Community Board 2 has requested improvements to existing schools located in School Districts 24 and 30 serving this area's youth. Board 2 has identified a need for new schools to alleviate overcrowding and to create additional classroom space. We must continue to advocate for funding to construct new educational facilities and expand existing schools.

Affordable Housing - In keeping with the Mayor's goal to provide 200,000 of additional units of affordable housing, CB 2 is requesting additional sites for possible rezoning in our area in order to expand the availability of affordable housing.

4. SUMMARY OF COMMUNITY DISTRICT NEEDS AND COMMUNITY BOARD BUDGET REQUESTS

Community Boards were asked to identify their district's needs related to the following seven policy areas:

- Health Care and Human Services;
- Youth, Education and Child Welfare;
- Public Safety;
- Core Infrastructure and City Services;
- Land Use, Housing and Economic Development;
- Transportation; and
- Parks, Cultural and other Community Facilities.

Based on the needs identified, community boards then had the opportunity to make budget requests to address these needs.
