

# Parking Regulations

## Info on Website/Sign Legend

Department of Transportation  
Janette Sadik-Khan, Commissioner

NYCDOT posts thousands of signs throughout the five boroughs informing the public of existing parking regulations on our streets. While several different types of regulations can be found, below is a chart of the signs most commonly posted in New York City and a brief explanation of what the regulations mean. To find out what parking regulations exist on your block visit [www.nyc.gov/dot/parkingrules](http://www.nyc.gov/dot/parkingrules)

Sign Photos	Regulation Description	Text Used For Parking Regulations
	<b>NO PARKING REGULATION</b> Sign indicates that vehicles may NOT park at this location at any time. You may stop to load/unload packages or merchandise at curbside and you may stop to expeditiously drop off or pick up passengers.	NO PARKING ANYTIME (SINGLE ARROW)

STATUS (Sign Traffic and Accident Terminal User System) Database  
Last Updated August 13, 2009

#### Definition of the Data

The Parking Regulations application on the DOT website draws information from the New York City Department of Transportation's sign database, STATUS. STATUS is an operational database that assists the DOT in managing the Agency's inventory of over one million traffic signs in New York City. The database keeps track of the description, location and installation dates for DOT signs. As DOT installs new signs and replaces old or missing signs, this information is entered into STATUS. The present system was built in 1982 and is currently the only comprehensive resource for signs and sign regulations that exists.

#### Limitations

The information shown on this display was prepared by the New York City Department of Transportation. The information is intended to provide users with parking regulations on signs posted at given locations on the block. The New York City Department of Transportation assumes no responsibility for damages resulting from the use of this data. It is the user's responsibility to adhere to all posted traffic control devices. No warranty or accuracy or completeness is expressed or implied. If you have questions or concerns about the data please contact 311. DOT will make periodic updates to this application to correct errors reported by the public.
