Community District 10**

INTRODUCTION

The annual Statements of Community District Needs (CD Needs Statements) and Community Board Budget Requests (Budget Requests) are Charter mandates that form an integral part of the City's budget process. Together, they are intended to support communities in their ongoing consultations with city agencies, elected officials and other key stakeholders and influence more informed decision making on a broad range of local planning and budget priorities. This report also provides a valuable public resource for neighborhood planning and research purposes, and may be used by a variety of audiences seeking information about New York City's diverse communities.

HOW TO USE THIS REPORT

This report represents Bronx Community Board 10's *Statement of Community District Needs and Community Board Budget Requests for Fiscal Year (FY) 2018*. This report contains the formatted but otherwise unedited content provided by the Community Board, collected through an online form available to community boards from September to November 2016.

Community boards may provide substantive supplemental information together with their Statements and Budget Requests. This supporting material can be accessed by clicking on the links provided in the document or by copying and pasting them into a web browser, such as Chrome, Safari or Firefox.

If you have questions about this report or suggestions for changes please contact:

CDNEEDS_DL@planning.nyc.gov

This report is broadly structured as follows:

a) Overarching Community District Needs

Sections 1 – 4 provide an overview of the community district and the top three pressing issues affecting this district overall as identified by the community board. Any narrative provided by the board supporting their selection of their top three pressing issues is included.

b) Policy Area- Specific District Needs

Section 5 is organized by seven distinct policy areas aligned with the service and program areas of city agencies. For each policy area, community boards selected the most important issue for their districts and could provide a supporting narrative. The policy area section also includes any agency-specific needs and a list of relevant budget requests submitted by the Community Board. If the community board submitted additional information outside of a specific policy area, it may be found in Section 6.

c) Community Board Budget Requests

The final section includes the two types of budget requests submitted to the City for the FY18 budget cycle; one list for capital and another for expense budget requests. For each budget request, community boards were able to provide a priority number, explanation, location, and supporters. OMB remains the definitive source on budget requests submitted to city agencies.

3. Overview of Community District

Bronx Community Board #10 is one of the largest geographic Community Board Districts in the Borough. The Board serves the communities of Pelham Bay, City Island, Country Club, Throggs Neck, Co-op City, Westchester Square and Zerega. It features one of the most diverse housing categories in the City. It primarily consists of well maintained 1-3 family homes situated on tree shaded streets, yet it is also home to the largest housing cooperative in New York State, Co-op City.

Bronx Community Board #10 is a District surrounded by the following water bodies: Eastchester Bay, Long Island Sound and the East River. One of its most pressing needs is the implementation of storm resiliency strategies that will protect the Board from tidal surges that are expected to come from major storms, such as Hurricane Sandy. Our Board experienced significant damage during this storm event. With the exception of the Edgewater Park community, the Mayor's SIRR report ignored the bulk of the Community Board. As proper stewards for the Board's service areas, we at Bronx CB #10 took it upon ourselves to conduct an examination of the Board's storm surge defenses. We were ably assisted in this effort by the Bronx Borough President's Office and the Fund for the City of New York, who provided us with an Urban Fellow, who was a graduate student at Pratt Institute, to conduct a comprehensive survey of our shoreline communities and to determine the type of defenses against storm surges that are needed. The research yielded the following recommendations: that earth berms, rock jetties and sea walls were the best methods to control coastal flooding from the storms. The Board further felt that the storm sewers should be examined, as well. High functioning and adequately sized sewers are needed for the water to drain off. The Board is interested in seeing DEP and DOT develop joint projects for these purposes.

4. Top Three Pressing Issues Overall

The three most pressing issues facing Bronx Community Board 10 are:

- *Crime*
- *Parks*
- *Street flooding*

Bronx Community Board #10 is a water bound Board service area, and as such, it is prone to storm surge flooding. It is our Board's hope that the New York City Departments of Environmental Protection and Transportation will develop joint projects to assist our shoreline communities during and after a major storm event. The 45th Precinct lost its drug module (specialized unit). The drug trade in Bronx Community Board #10 is different because all of the points of sale in our Board, are associated with cars. The Board sits at the confluence of the Bruckner Expressway, the New England Thruway and the Cross Bronx Expressway. Drug dealers and buyers through the use of the internet and non traceable cell phones, conduct their illicit activities on our Board's streets and escape to the highway system. The Precinct had its module combined with the 43rd Precinct. The Board believes the 45th Precinct requires its own module, and if it had to be shared, it should be with the 49th Precinct. Pelham Bay Park is located within Bronx Community Board #10. It features a beautiful shoreline and Orchard Beach. This Park and Ferry Point Park are bounded by water. Here again protection from storm surges are needed. All of the parks in the Board require rehabilitation and enhanced Parks Enforcement Officers.

Main Issue Related to Health Care and Human Services

Environmental health issues (noise, lead, respiratory illness, etc.)

Our Board sits at the confluence of three major highways, the New England Thruway, the Bruckner Expressway and the Cross Bronx Expressway. These roads carry the bulk of motor freight from the entire country through our Board's environs. Miles of trucks, cars and buses often sit in traffic jams spewing pollutants into the air and making noise. The Bronx, including the northeast Bronx has one of the highest incidences of respiratory disease in the City. The Board would like the City to explore alternatives to truck usage and work with organizations like the Port Authority of NY and NJ on rail and water alternatives. It is hoped that the NYC DOH and MH can be of assistance in initiating an air pollution assessment model.

Community District Needs Related to Health Care Facilities and Programming

Our Board is served by the Jack D. Weiler Hospital of Montefiore Medical Center and its medical school, the Albert Einstein College of Medicine. We are also served by Jacobi Hospital of NYC HHC. The two hospitals are in close proximity to each other. By contract and custom, the medical school provides physicians to Jacobi Hospital. Both have very busy emergency rooms, where patients can be kept waiting for assistance for protracted periods of time. Our Community Board has seen the emergence of free standing and unaffiliated Urgent Care sites and government funded health care centers operated by non-profits. Perhaps, a coordinated public service campaign could be established with the administrative and financial assistance of NYC DOH and MH and HHC to develop and disseminate educational materials on when it is appropriate to use an emergency room and when it is not. This type of program will cut down on the non essential visits to the emergency rooms, allowing them to function at higher levels. Additionally, an effort should be made to include the free standing Urgent Care and non profit health facilities into the networks of these hospitals. If this were to take place, there would be a greatly expanded pool of services for patients.

Community District Needs Related to Facilities and Programming for Older New Yorkers

Bronx Community Board #10 has many senior centers and a meals on wheels program. We are concerned that those centers are located in safe and clean environments, and that the equipment (food service, phones, computers) within them are functioning. We are also concerned that the Meals on Wheels programs in the Board service area are fully funded.

Community District Needs Related to Facilities and Services for the Homeless

Bronx Community Board #10 is in the extreme northeast Bronx. Its business services are concentrated in several commercial areas: E. Tremont Avenue, Crosby Avenue, Westchester Square, Co-op City and City Island. DHS placed a shelter for 95 women and children in a former hotel, on the outskirts of our Board area. It has no laundry facilities on site, so the women must take two buses to reach the nearest laundry mat. There are no cooking facilities (microwaves in the rooms) flouting the requirements of the Comptroller's Memorandum governing Emergency Contracts that states such facilities must be located in rooms where women with children or pregnant women are domiciled. There is anecdotal evidence from the community at large, that the meals offered to the clients at the shelter are unappetizing and that they are often discarded. One of the contractual goals of the shelter operators is to provide the clients with opportunities for job training and employment. The Board enjoys the services of a NYS Department of Labor Job Developer. The shelter operator has been apprised of this service, yet there are few referrals.

Community District Needs Related to Services and Programming for Low-Income and Vulnerable New Yorkers

Many residents of our Board's service area have come to rely on food stamps (SNAP) assistance. The Board is interested in ensuring that this program is adequately funded.

Youth, Education and Child Welfare

Main Issue Related to Youth, Education and Child Welfare*After school programs*

There are many children in our Board service area whose parents are working. Some come from single parent homes. The After School Programs that we have in our area are very good and they need to be funded properly, so that they can expand their efforts.

Community District Needs Related to Youth and Community Services and Programs

All of the After School and Out of School programs deserve full funding

Public Safety and Emergency Services

Main Issue Related to Public Safety and Emergency Services*General crime*

The 45th Precinct lost its dedicated drug module. It is now shared between the 45th Precinct and the 43rd Precinct. The split limited the effectiveness of the anti-drug effort in our Community Board which is now effected by the increased opioid epidemic. The Board would like to see the unit returned in its entirety to the 45th Precinct.

Community District Needs Related to Policing and Crime

The 45th Precinct lost its dedicated drug module. It was split in half between the 45th Precinct and the 43rd Precinct. This split limited the effectiveness of the anti-drug effort in our Community Board. The Board would like to see the unit returned in its entirety to the 45th Precinct and if this is not possible, it should be combined with that of the 49th Precinct. The NYPD Firing Range at Rodman's Neck must be completely enclosed in a dedicated building, so that the surrounding communities are no longer exposed to the noise associated with the practice firings.

Community District Needs Related to Emergency Services

FDNY - Ensure that the buildings that house the fire stations and EMS units are in good physical shape. Assess and report on the number ambulances that are owned by the FDNY and private organizations such as Montefiore Hospital. What is the average life span of an ambulance? What are the number of Advanced Life Support or ALS ambulances serving the District.

Main Issue Related to Core Infrastructure, City Services and Resiliency

Water runoff and flooding

Bronx Community Board #10 is a water bound board. Almost all of its communities are bounded by the East River, Long Island Sound and Eastchester Bay. During Hurricane Sandy several of our communities, most notably City Island and Edgewater Park, were severely damaged. Had the wind not changed course, the damage to our Community Board's waterfront communities would have been devastating. The Board is interested in seeing the protective systems installed that will serve as breaks to storm surges. Additionally, the Board would like to see the sewers assessed to determine if they are sized correctly to handle the very large storm flow that will come onto the land.

Community District Needs Related to Water, Sewers and Environmental Protection

Bronx Community Board #10 has experienced severe damage to several of its communities during Hurricane Sandy. We are surrounded by the water bodies of Eastchester Bay, Long Island Sound and the East River. It is expected that any major storm will cause considerable damage to our communities. Our Board would like to see a joint DEP/DOT program to survey our areas and install storm breaks like earthen berms and sea walls. If a major hurricane type storm were to hit our Board, we would experience storm surges that would deposit massive amounts of water on land causing massive damage and flooding that would result in stagnant pools of water that will take days to drain, because the sewers are inadequate to meet the increased demands of drainage. Neighborhoods like City Island would experience flooding on streets like Tier, Bay, Fordham, Hawkins, Carroll, Centre, Winter, Early, Pell, Reynolds, Pilot, Marine, Buckley, Horton, Schofield, Rochelle, Beach, Kilroe, Sutherland and Terrace Streets; King Avenue and Fordham Place are inadequately protected. In Edgewater Park, which has a sea wall, 1st, 2nd and 4th Avenue, Pennyfield Avenue and Soundview Drive are vulnerable; Silver Beach, which also has a sea wall, is also prone to flooding. Acorn, Beach, Ceder, Daisy, Elm, Fern, Geranium, and Hazel Streets, Ivy, Jasmine, Edgar, Dare, Casler, Bevy, Alan, Schuyler Places, Indian Terrace, and the campus of SUNY Maritime College, are all prone to flooding. Within Locust Point, Locust Point Avenue, Tierney Place, Longstreet Avenue and Hatting Avenue, the Hammond Cove and Locust Point Marina area, and Calhoun and Schurz Avenues in Throggs Neck will be badly affected, as well as Clarence and Randall Avenues and Country Club. The end of Lafayette Avenue in Ferry Point and all of Ferry Point Park will be flooded. The Board would like to see that both agencies develop a plan to stop the storm water surges and to provide a sewer system that will be able to handle them.

Community District Needs Related to Sanitation Services

Bronx Community Board #10 enjoys one of the highest rates of recycling in the City. Co-op City, the largest housing cooperative in the State recycles and processes its own waste and we are still limited to one day a week pick up. For several years, the Board has been requesting an additional day for pickup. We believe that we have proven our commitment to the City's recycling goals and therefore, request another day.

5. Summary of Community District Needs and Budget Requests

Land Use, Housing and Economic Development

Main Issue Related to Land Use, Housing and Economic Development

Small Business services/support

Bronx Community Board #10's communities are characterized by older shopping areas along Crosby Avenue, Westchester Avenue, City Island Avenue, Dreiser, Bartow and Einstein Loops in Co-op City. These older shopping districts are competing with malls in Throggs Neck and Bay Plaza that offer free parking to their patrons. A Business Improvement District (BID) is needed in all of the above areas, aside from Westchester Square, where one already exists. A BID will allow these areas to re-imagine themselves and offer goods and services to their members, while strengthening the economic backbone of the communities.

Community District Needs Related to Housing Needs and Programming

Our Board is home to Throggs Neck Houses, a multi-building NYCHA housing development that is in need of a general upgrade, especially with respect to the roofs, lighting and security doors. Mold and mildew have become a problem in the dwelling and public areas of the buildings. Attention must also be paid to the foundation walls, which due to site settlement, are compromised.

Capital Requests Related to Land Use, Housing and Economic Development

Priority	Agency	Need	Request	Location
8/24	NYCHA	Public housing upgrades or renovations	Renovate or upgrade public housing developments	

Transportation

Main Issue Related to Transportation

Other/Our Board is a water bound Board. There are few if any sea walls or storm surge breaks. In the event of hurricane, significant portions of our board will be damaged. With this this submission, we are asking DOT to engage in an analysis of the storm break needs and to install the appropriate storm break infrastructure.

Our Board area experiences flooding problems whenever we have a major storm. There are virtually no barriers to storm surges. In a hurricane situation, significant portions of our Board will be severely damaged. This is why the issue of storm resiliency is so important to our Board.

Community District Needs Related to Traffic and Transportation Infrastructure

The Board is interested in seeing signage, lighting and pedestrian paths in a number of areas. Please see the detailed locations below.

Community District Needs Related to Transit Services

The presence of well operated and safe mass transit system is of paramount importance to our Board. The MTA New York City Transit recently built four new stations for the IRT #6 Train in our Board's area and the MTA Metro North Railroad is planning a station for Co-op City. We are served by a Select Bus Service Bus on the BX 12 Line and will soon see Select Bus Service on the Q44 Line.

Parks, Cultural and other Community Facilities

Main Issue Related to Parks, Cultural and other Community Facilities

Quality of parks and park facilities

Bronx Community Board #10 is home to the largest park in the City's inventory, Pelham Bay Park. Additionally, it has another large park in Ferry Point, home to the City's newest golf course, Trump Golf Links. It also has a variety of smaller parks that are used regularly and a Marina in Hammond Cove and Orchard Beach. All of these facilities mean a great deal to our Board and we are vitally interested in their maintenance and enhancement.

Community District Needs Related to Parks and Recreational Facilities and Programming

Bronx Community Board #10 is a water bound Board and as such, has facilities like the Hammond Cove Marina, Orchard Beach and Ferry Point Park. these are treasures that must be protected and nurtured.

Community District Needs Related to Library Facilities and Programming

The Westchester Square Library is scheduled for a new building. It is an innovative design that the Board supports and the community welcomes. Funding is in place and the Board looks forward to its construction. The Board expects that the library will be a state of the art facility that will offer innovative and popular programs. The Board is home to several other fine libraries and we have always advocated for their funding. It is hoped that they will receive the needed cash to carry on their great work.

Community District Needs Related to Community Boards

For many years, successive Mayoral administrations did not fund the Community Boards. Thankfully, the City Council recognized their importance and funded them. The present administration has funded the Boards and we are grateful to Mayor de Blasio. However, we could be so much more effective if the funding were increased.

8/24	NYCHA	Renovate or upgrade public housing developments	At Throggs Neck Houses there is a mold and mildew problem that is a result of leaking roofs. This problem affects both the public and living areas of the building. It is imperative that a program be enacted to eliminate this problem. There is a serious site settlement issue affecting all of the basements in the development. Foundation walls have been severely compromised. A capital program must be put into place to correct this basic problem. Many of the locks to the entrance doors of the buildings require replacement, with a new generation of magnetic locking devices. The public lighting throughout the development must be enhanced. There are no stations in the northeast Bronx that allow for link-ups with Amtrak and Metro North trains. The area just to the west of Co-op City, along the Amtrak right of way would be suitable for this type of station.		n/a; n/a
17/24	NYPD	Other NYPD facilities and equipment requests	Completely enclose the firing range at Rodman's Neck in the Bronx.	Rodman's Neck	n/a; n/a
18/24	DEP	Other water supply system maintenance requests	Establish a fund to dredge Westchester Creek. This important commercial waterway is impacted by silt, which limits the transit of fuel oil barges for a major fuel supplier.	Westchester Creek	
19/24	DOT	Reconstruct streets	Reconstruct streets within and around the perimeter of the Westchester-Zerega Industrial Business Zone. Especially in the vicinity of Commerce Avenue. A complete listing of those streets was provided to DOT. The Board envisions this to be a joint DOT and DEP project.	Westchester-Zerega IBZ	n/a; n/a
20/24	DEP	Reconstruct streets	The Board would like to see the establishment of a joint capital project with DOT to correct the street anomalies at Bellamy Loop. This area lacks proper drainage. The Preliminary Budget Register for FY 2016, the agency response stated the "The location needs to be investigated by both DOT and DEP. Results may merit the installation of a capital project. We will advise you upon investigation." What is the status of the investigation? The Board has been requesting this action from the agency	Bellamy Loop	n/a; n/a
21/24	NYPD	Renovate or upgrade existing precinct houses	Renovate the 45th Precinct. The NYPD has indicated that it will be renovated. However, the Board believes that the Precinct should move into a modern building with a parking lot.	45th Precinct	n/a; n/a

Priority	Agency	Request	Explanation	Location	Supporters
1/24	NYPD	Assign additional uniformed officers	Additional officers should be assigned to the 45th Precinct. All of the officers should be equipped with body cameras. The Precinct should benefit from the new initiative that will provide resources for foot patrols.	2877 Barkley Avenue	n/a; n/a
2/24	NYPD	Provide additional patrol cars and other vehicles	The 45th Precinct needs new vehicles both marked and unmarked to conduct their work.		n/a; n/a
3/24	NYPD	Assign additional housing police officers	Additional Housing Bureau Officers should be assigned to PSA 8. All of the officers in this command should be equipped with body cameras. The PSA 8 command should benefit from the new initiatives designed to provide foot patrols.		n/a; n/a
4/24	NYPD	Other NYPD staff resources requests	Bronx Community Board #10 has many bars and restaurants located within its environs. There are many noise complaints associated with the operation of these facilities. The 45th Precinct has a limited number of noise meters. When one goes down, it is sent out for repair, which takes a protracted period of time. If the Precinct is to meaningfully answer noise complaints, it needs additional noise meters.	2877 Barkley Avenue	n/a; n/a
5/24	NYPD	Provide additional patrol cars and other vehicles	Equip the agency with large tow trucks and a facility in which impounded trucks can be stored.		
6/24	DPR	Enhance park safety through more security staff (police or parks enforcement)	The number of Parks Enforcement Personnel or PEP officers deployed to Pelham Bay Park, Orchard Beach and Ferry Point Park must be increased. These facilities are used by hundreds of people and they must be made safe.		n/a; n/a
7/24	HHC	Other health care facilities requests	Seek and develop funding for the Throggs Neck Volunteer Ambulance Corp., the only entity of its kind in the northeast Bronx.	3955 East Tremont Avenue	
8/24	DOHMH	Other programs to address public health issues requests	Continue a public relations campaign for providers, like Montefiore Hospital, to assemble educational pamphlets regarding the appropriate usage of emergency rooms.		
9/24	DYCD	Provide, expand, or enhance after school programs for elementary school students (grades K-5)	The On site After School Programs in the Board are the Out of School Time Programs operated at the following Elementry Schools: The Child development Center of the Mosholu Montefiore Community Center at PS 153, the Child Development Center of the Mosholu Montefiore Community Center at PS 160, the Directions For Our Youth Program at PS 72, the Kips Bay Program at PS 304, the Kips Bay Program at Throggs Neck Community Assoc. of NYCHA , Sports and Arts in Schools Foundation at PS 178 and PS 175, the YMCA Program at PS 14 , are excellent and require additional funding. Also fund youth programs like Renaissance, Ladders for Leaders and the Beacon Programs for after and out of school initiatives.		n/a; n/a

10/24	DYCD	Provide, expand, or enhance the Summer Youth Employment Program	The SYEP Program is an excellent initiative that prepares young people for the world of work. This Community Board has utilized the services of the young people from this program and knows of several instances, where the youth participants have gone onto enriching employment experiences. The Program should be expanded and enthusiastically funded.		n/a; n/a
11/24	DYCD	Provide, expand, or enhance after school programs for middle school students (grades 6-8)	The Onsite After School Programs at the following Middle Schools should receive increased funding for their excellent programs. The Child Development Center of the Mosholu Montefiore Community Center at the Equality Charter School, Direction for Youth at IS 180 and IS 181, East Side Houses at the (Urban Assembly Academy of Civic Engagement), Kips Bay Boys and Girls Club at MS101X, Sports and Arts In Schools Foundation at Truman HS , Xposure Foundation at Mott Hall School, New York Junior Tennis League at PS 71. The Phipps Community Development Beacon Program at IS 192 Piagentini-Jones School, should be fully funded.		n/a; n/a
12/24	DOE	Other educational programs requests	This Board has historically recommended the establishment of a medical high school for our Board's service area. Given our proximity to the Jack D. Weiler Hospital of Montefiore Hospital, Jacobi Hospital, the Albert Einstein College of Medicine and Calvary Hospital, the Board thought that any new school proposed for the Herbert H. Lehman Campus, should be one that is medically related. The Board further felt that the students could benefit from internships at the above institutions.	Proximity to Montefiore Hospital	n/a; n/a
13/24	DHS	Expand street outreach	Bronx Works is the organization that conducts outreach services for the homeless in Community Board #10. They do an excellent job. The Board believes that this organization should receive enhanced funding.		N/A; N/A
14/24	DHS	Expand street outreach	DHS should conduct a program and contractual audit of the Acacia Network Housing's operation of Crystal's Place, located at 555 Hutchinson River Parkway. Items to be examined should include the need for laundry facilities, the quality of the food offered the clients and the tepid response to the offer by this board to the managers of the site about job services.	555 Hutchinson River Parkway	n/a; n/a
15/24	DPR	Enhance park safety through design interventions, e.g. better lighting	Permanent No parking signs should be installed along the Ring Road in Ferry Point Park	Ring Road in Ferry Point Park	n/a; n/a

17/24	DFTA	<i>Other senior center program requests</i>	<i>Expand the hours of the Glebe Avenue Senior Center, so that it is a full-time center. Currently, the center is operated by the YMCA as a part-time program. Glebe House, at 2125 Glebe Avenue, Bronx NY 10462, is the Senior Citizen Component for the NYCHA managed Castle Hill Houses.</i>	<i>Glebe Avenue Senior Center 2125 Glebe Avenue</i>	
18/24	DPR	<i>Forestry services, including street tree maintenance</i>	<i>There is a critical need to adequately fund and staff the Forestry Unit of the DPR to prune the many trees in the Board's service area. Over 70% of the Board is green cover. Every year tree limbs become entangled in the overhead power lines or diseased limbs fall on people's homes and cars. More tree pruning staff re needed to take care of these matters. There is a need to adequately fund and expand the sidewalk tree root program. the root syste of the old growth trees causes the sidewalks to buckle, creating trip hazards. To eliminate this problem, this program must be adequately funded.</i>		<i>n/a; n/a</i>
19/24	EDC	<i>land re-use</i>	<i>As far as EDC controlled site in CB #10, the Corporation maintains ownership of a site on Bartow Avenue in the middle of the Bay Plaza Mall. For several years, this site has been used by the NYPD to store evidence in trailers. There are quite a few trailers on the site and the area is unattractive. Our Board believes that EDC should ask the NYPD move the trailers elsewhere and allow the site to be developed for other purposes.</i>		<i>n/a; n/a</i>
20/24	DOHMH	<i>Reduce mosquito populations</i>	<i>Many of the communities in our Board service area are surrounded by water. The mosquito population is generally high. When spraying takes place, it is usually in the marshland areas around Pelham Bay Park and that only occurs when there is evidence of an infestation We in Community Board #10 would like to see the NYC DOH and MH take a more proactive view of the situation and treat the shoreline communities of Edgewater Park, Silver Beach, Co-op City, City Island, Throggs Neck and Ferrypoint, as a matter of course, whenever the West Nile Virus season occurs.</i>		<i>n/a; n/a</i>

21/24	DOHMH	<i>Other animal and pest control requests</i>	<i>As property developers move forward with construction projects in the areas north of our Community Board in Westchester County, entire habitats for animals are destroyed. This forces the animal population of deer, skunk, possum, raccoon and coyote to move toward the safer and food plentiful environments of the northeast Bronx. Throughout every neighborhood in our Community Board, we have received reports of animals foraging and making homes in parks and people's backyards. There is no City program to deal with this situation. Our Board believes that NYC DOH and MH should partner with known humane organizations to develop a capture and release program, to move the animals to more suitable environments, when they are encountered in human population centers.</i>		<i>n/a; n/a</i>
22/24	NYCTA	<i>Expand bus service frequency or hours of operation</i>	<i>Several years ago the MTA New York City Transit had to reconfigure the bus service within Co-op City, because of fiscal constraints. The resultant situation was that the northern portion of the development saw service on the BX 26 and BX 28 truncated. A new bus known as the BX 38 was created to link up with the BX 26 and BX 28. Over the years, there have been concerns expressed by the community over the schedules and long waiting periods between buses. The Board would like to learn of the wait times between these intersecting buses. Additionally, the Board has heard from commuters that night service on the BX 26 needs to be expanded to serve late night health care workers.</i>		<i>n/a; n/a</i>
23/24	NYCTA	<i>Other transit service requests</i>	<i>Extend Express Bus Service to lower Manhattan, City Hall, Bowling Green and Battery Park</i>		
24/24	DHS	<i>Upgrade existing facilities for the homeless</i>	<i>Security at the three homeless shelters in the Board, Crystal's Place at 555 Hutchinson River Parkway, Town and Country at 2244 Tillotson Avenue and the Acacia shelter at 1564 St. Peters Avenue should be reviewed. The Board has received concerns about the ability of the contractual security staff to handle situations at the shelter. In the case of the shelter at 555 Hutchinson river Parkway, DHS Police visit the site already. However, in light to the recent killing of a staffer at another shelter not in our Board, we believe that the entire security set up should be reviewed.</i>		<i>n/a; n/a</i>
